## Course Considerations

♥ Preschool children are everywhere—in playgrounds, parks, shopping centers, high-rise apartments, housing projects, churches, day cares, homes, and preschools. Authorities tell us that the preschool years are the most important year in a child's life. By the age of five or six a youngster's intellectual development is half over; therefore, teaching Bible to preschoolers has the potential of laying very important spiritual and intellectual foundations.

♥ It is important to begin to instill spiritual truth in the lives of young children. Amy Carmichael and James Dobson were 3 yrs old when they trusted Christ as Savior. Corrie Ten Boom was 5. These people went on to serve the Lord in mighty ways. Many preschool children can and do trust Christ during preschool years.

♥ *Teaching Preschoolers*, a 30-hour course, is being offered to equip Christians to take God's Word to Preschoolers during these most receptive years. The course gives characteristics of preschoolers (ages 3-5) and practical helps for ministering God's Word to them on their level. The student will learn how to effectively share the message of salvation on a preschool level so children can understand and have opportunity to receive Christ as Savior. In *Teaching Preschoolers*, attention is focused on hands-on experience and training, thus enabling the students to initiate an ongoing preschool Good New Club.
